

January 2, 2024

Snowline Community Club (SCC) uses an application called Cheddar Up for processing rental payments and registration forms. Our goal is to automate all payments electronically and create a rental reporting/tracking system. Cheddar Up is available for all SCC owners, and you are encouraged to begin following these procedures.

Continue to receive a monthly rental fee statement and pay via mail by choosing the option of cash/check. If you wish to pay through electronic bank transfer or with a credit card, these options are also available.

We appreciate you signing up for online reporting. Cheddar Up reduces the staffing time necessary to enter each transaction.

Access the Snowline CC group page at: <https://snowlinecc.mycheddarup.com>
