

October 1, 2022

To address online payment options, the Snowline Community is transitioning to an application called **Cheddar Up**. The purpose is to automate electronic payments and create a rental reporting and tracking system. This is available for all Snowline Community Club owners, and you are encouraged to begin following these procedures.

Continue to receive a monthly statement and pay via mail by choosing the option of cash/check. If you wish to pay through bank transfer or with a credit card, the options are now available.

We appreciate your patience and request updating your process to online reporting. Benefits of this system is that it will greatly reduce staffing time necessary to enter each transaction.

Access the Snowline CC group page at: <https://snowlinecc.mycheddarup.com>
